

## **Skydive Arizona Policy: Aircraft**

- Helmets must be worn or must be secured from take-off to 1,500 feet (500 meters).
- Seatbelts must be worn from when you take your seat in the aircraft until 1,500 feet (500 meters).
- The door must remain closed from take-off to 1,500 feet (500 meters). Jumpers seated near the door must remove their seat belts before opening the door.
- Ground speed and jump run direction are posted daily in the tram loading area.
- Exit order is:
  - 1) Belly flyers, largest to smallest group
  - 2) Free flyers, largest to smallest group.
  - 3) Students and Tandems
  - 4) Wing Suits

Trackers must plan with the others on the load based on intention, group size, and wind conditions.

- Exit lights:
  - Yellow = Open the door and stand by to exit.
  - Green = Exit
  - Red = Do Not Exit
